## INTERPRETATION OF THE SUITABILITY RULE OF THE EXCHANGE

### POLICY FRAMEWORK

Section 1 (c), Part B, Article I of the Revised Listing Rules of the Exchange on Suitability Rule provides that:

**SECTION 1. Suitability Rule; Disqualifications from Listing of Securities** – The Exchange retains full discretion to accept or reject listing applications. In reaching its decision, the Exchange shall consider the following grounds for disqualification from listing of securities in the Exchange:

. . . .

(c) There is a serious question relating to the integrity or capability of the Issuer or any of its director, executive officer, promoter or control person. A serious question exists relative to the above parties if, during the past five (5) years any of the following events occurred:

. . . .

(ii) Any conviction by final judgment in a criminal proceeding for an offense involving moral turpitude, domestic or foreign, including a *nollo contendere* case, or being subject to a pending criminal proceeding for an offense involving moral turpitude, domestic or foreign, excluding traffic violations and other minor offenses . . . .

(Underscoring supplied).

With regard to the phrase **“being subject to a pending criminal proceeding for an offense involving moral turpitude”**, it appears that such provision is a ground for rejection of the listing of securities of applicant companies.

However, the plenary powers of the Exchange as a self-regulatory organization (SRO) to adopt its own rules, including interpretations thereof, provide sufficient basis to interpret the rules on suitability requirement to mean that only those situations where there was already a conviction in the Regional Trial Court (or Municipal Trial Court and other trial courts) would be a ground for rejection for listing.

Such interpretation of the Suitability Rule is in accord with the presumption of innocence contained in Article III, Section 14(2) of the 1987 Constitution, which states that:

“SECTION 14.

XXX

(2) **In all criminal prosecutions, the accused shall be presumed innocent until the contrary is proved**, and shall enjoy the right to be heard by himself and counsel, to be informed of the nature and cause of the accusation against him, to have a speedy, impartial, and public trial, to meet the witnesses face to face, and to have compulsory process to secure the attendance of witnesses and the production of evidence in his behalf. However, after arraignment, trial may proceed notwithstanding the absence of the accused provided that he has been duly notified and his failure to appear is unjustifiable.” (emphasis supplied)

In this respect, the Supreme Court held that “[o]nly by proof beyond reasonable doubt which requires moral certainty, ‘a certainty that convinces and satisfies the reason and conscience of those who are to act upon it’ may the presumption of innocence be overcome.”

## **INTERPRETATION OF THE SUITABILITY RULE**

Following the constitutional precept on presumption of innocence and in recognition of its duty to protect the investing public, the Exchange shall only consider, in connection with the Suitability Rule, criminal cases involving moral turpitude where there was already a conviction in the Regional Trial Court (or Municipal Trial Court and other trial courts) in determining the suitability of the directors of listed and applicant companies.

Thus, with respect to pending criminal cases involving estafa, plunder and violations of the Anti-Graft and Corrupt Practices Act, which cases involve moral turpitude in accordance with Supreme Court decisions, and where trial courts have **NOT** yet rendered any decision, the pendency of said criminal proceedings will not be considered as a ground for the rejection of the listing of securities of applicant companies.

REGULAR MEETING OF THE BOARD OF DIRECTORS OF  
THE PHILIPPINE STOCK EXCHANGE, INC.

Held on 26 April 2006

**Resolution No. 82, Series of 2006**

“RESOLVED, FURTHER, that the Board of Directors of the Exchange, authorize, as it hereby authorizes, the utilization of the budget intended for the aforementioned abolished committees for any advisory assistance that management may need as a result thereof.”

## **GUIDELINES FOR UPLOADING OF REQUIRED DOCUMENTS WITH ACCESS RESTRICTIONS**

The Exchange requires soft copies of certain documents, such as the Prospectus, in relation to an applicant company's listing application. However, should the applicant company request for access restrictions on the required documents, the following guidelines for uploading must be observed:

1. The guidelines under Memo for Brokers No. 2960-2002<sup>1</sup> shall be applicable to applicant companies with fund-raising activities through the Exchange, such as, but not necessarily limited to, initial public offerings, follow-on offerings and stock rights offerings.
2. When applicable, an applicant company may advise the Exchange in writing that the relevant offering document (e.g., prospectus, financial projections and other required documents) is subject to restrictions provided under foreign laws or regulations. Pursuant to such restrictions, the applicant company may request that the soft copy of the relevant document be made available for downloading by the public at the applicant company's website with click-through procedures in accordance with the access restrictions. After obtaining clearance from the Exchange, the applicant company must comply with the following requirements/conditions:
  - a. The applicant company must provide the Exchange with the soft copy of the document(s) together with the sworn certificate of authentication as required in item number 4 of Memo For Brokers No. 2960-2002;
  - b. The applicant company must provide the Exchange with the link to the applicant company's website where the document(s) will be posted. The Exchange will issue a PSE Memorandum announcing the applicant company's offering and indicate the said link along with a disclaimer that (i) the Exchange does not warrant the accuracy or truthfulness of the information or statements made in said document(s); and (ii) the Exchange assumes no liability whatsoever for any person's reliance upon the contents of said document(s). The PSE Memorandum must also attach a copy of the certification from the applicant company that it is not in violation of any applicable foreign laws and/or regulations with respect to the uploaded document(s);
  - c. The applicant company must ensure that the soft copy of the document is available for downloading at the applicant company's website for a minimum period of one (1) year starting on the specified periods as required by the Exchange;
  - d. If the document will be unavailable for downloading at the applicant company's website for more than one (1) day within the specified period, the Exchange will upload the document on the PSE website in accordance with standard procedures along with the appropriate notices and disclaimers. The Exchange will not implement the click-through procedures.

Re: **Conversion of PSE-listed Companies to the No-Jumbo Rule**

Gentlemen:

We are pleased to provide you with the relevant procedures to facilitate the implementation of the SEC-approved PSE rule on the use of uncertificated securities for shares lodged with the Depository ("no jumbo" rule).

Annex	Description
1	No-Jumbo Conversion Procedures
2	No-Jumbo Lodgment Procedures
3	No-Jumbo Uplift Procedures
4	No-Jumbo Reconciliation Procedures

Kindly disseminate these to the listed companies. We enjoin all listed companies to adopt the "no jumbo" rule immediately in order for the market to start reaping its benefits.

### Conversion Period

The actual period for completing the conversion process (Annex 1) of a particular listed company shall largely depend on the number of PCNC jumbo certificates and Stock Assignments to be verified and cancelled by the Transfer Agent. For less liquid issues, this could take only a couple of days but for highly liquid issues, the process could take weeks. We propose setting a maximum of 30 business days for all issues so Transfer Agents would also be able to plan accordingly.

### Daily Confirmation of PCNC Holdings

Under the "no jumbo" environment, we would need to obtain the TA's confirmation of PCNC balances on a daily basis on top of their confirmation per lodgment or uplift transaction. This enables us to run a daily reconciliation process which is aligned with other scripless issues, such as Government Securities.

Where a TA is unable to comply with the requirement to provide PDTC with the balances of PCNC (Filipino & Foreign) on a daily basis under Annex 4, we shall require the Transfer Agent to obtain a written conforme from its Issuer duly acknowledging the incremental risk of not being reconciled with the Depository on a daily basis.

ooOOOoo

We trust that the foregoing is sufficient to enable PSE to proceed with the implementation of its "no jumbo" rule. Please feel free to call me if you have further questions on this matter.

Very truly yours,

**NELLIE C. DAGDAG**

Managing Director for Operations & Technology

## **Guidelines for Fairness Opinions and Valuation Reports**

### **I. Scope**

The proposed Guidelines for Fairness Opinions and Valuation Reports ("Guidelines") are applicable to listing applications covering a listing by way of introduction, mergers and non-cash transactions such as share-for-share swaps, debt-to-equity conversions, property-for-share swaps and other similar transactions. As announced in Memo for Brokers No. 398-2007 dated August 29, 2007 and under the revised rules on listing by way of introduction, an applicant company is required to submit a fairness opinion covering the valuation of the shares subject of the listing application. Such fairness opinion must be supported by a valuation report(s).

### **II. Guidelines for Fairness Opinions and Valuation Reports**

1. The fairness opinion and valuation report(s) on the subject shares must be issued by an independent Firm which includes investment banks, financial advisory firms, and accounting firms under Group 'A' Category, duly registered or licensed by the Securities and Exchange Commission ("SEC") and accredited by the Exchange. The criteria for accreditation, for which a checklist will be provided by the Exchange, are provided under Item III of these Guidelines.
2. The Firm is not considered independent if:
  - a. It is a related party, as defined in the Revised Listing Rules of the Exchange ("Rules"), to the applicant company;
  - b. Its holding or subsidiary company provides financial advisory in relation to the applicant company's listing application, or external audit services to the applicant company; and
  - c. Other circumstances or arrangements, direct or indirect, between the Firm and the applicant company that, in the determination of the Exchange, may influence, or tend to influence, the objectivity and reliability of the fairness opinion and valuation report(s).

In general, the Exchange will consider the independence of the Firm when it is able to demonstrate a lack of conflict of interest with the applicant company.

The fairness opinion and valuation report shall be supported by a sworn certification issued by the applicant company's legal counsel certifying the Firm's independence.

*Am*  
*Ray*  
*J*

3. An applicant company shall submit one fairness opinion issued by an independent Firm and supported by a valuation report. The said supporting valuation report may be based on and/or supported by relevant valuation reports issued by different independent experts who are qualified to issue the report under any applicable accreditation or implementing guidelines of the Exchange, such as, but not limited to, property appraisal companies and mining professionals.
4. The fairness opinion and valuation report must disclose the scope of work and valuation approach used. A copy of the service agreement or mandate letter shall be attached as an annex to the report.
5. The valuation report, which supports the fairness opinion, shall cover the valuation of the subject shares of the listed company and the consideration under the transaction covered by the listing application. Such consideration may include the following:
  - a. In a share-for-share swap, shares of the counterparty;
  - b. In a property-for-share swap, property owned by the counterparty. In cases of a real estate property, an accredited property appraisal company must issue a valuation report covering the subject real estate property in accordance with the Rules;
  - c. In a debt-to-equity conversion transaction, the debt which will be converted to the applicant company's shares. In this case, the relevant audited financial statements or external auditor's report on actual findings must be attached to the valuation report.
6. The valuation report, which supports the fairness opinion, shall include, at a minimum, the following information:
  - a. All material details and comprehensive explanation on the basis of the valuation and assumptions used. Copies of any supporting documents used as basis or reference must be attached to the valuation report which may be made available to limited parties from the Exchange, if requested.
  - b. At least two (2) relevant valuation methodologies must be presented in the valuation report. The valuation report must include a description and explanation of the valuation methodologies adopted.
  - c. Structure, condition and analysis of the relevant market and/or industry of the applicant company.
7. The date of the fairness opinion and valuation report must not be more than three (3) months before the date on which (i) an offering prospectus is issued; (ii) the transaction involving the subject shares is executed; or (iii) the stockholders' meeting is held where the transaction involving the subject shares is presented for approval.
8. These Guidelines will form part of the Listing and Disclosure Rules of the Exchange.

## **INTERPRETATION OF THE RULE ON ADDITIONAL LISTING OF SHARES FOR A PLACING AND SUBSCRIPTION TRANSACTION**

*This Interpretation of the Rule on Additional Listing of Shares for a Placing and Subscription Transaction (the “Interpretation”) supplement and must be read in conjunction with the Rule on Additional Listing of Shares provided under Article V, Part A of the Revised Listing Rules of the Exchange (the “Rules”).*

1. This Interpretation is applicable to a transaction where an existing shareholder or related party, as defined in the Rules, sells its listed shares to a third party thereby reducing the former’s holdings in the listed company (the “placing tranche”). As part of the same transaction, the listed company subsequently issues to the related party at most the same number of shares as the shares sold (the “subscription tranche”). In this regard, the transaction covered by this Interpretation involves placing and subscription tranches.

  - d. The number of new shares to be issued to the related party must not exceed the number of shares sold in the placing;
  - e. The listed company’s shareholders must approve the placing and subscription transaction. The listed company’s shareholders may grant an authority to the listed company’s board of directors, subject to such terms and conditions as may be specified in the resolution, to implement the placing and subscription transaction; provided that, the basis for setting the number of placing/subscription shares, as well as the determination of the

- placing/subscription price are approved by the listed company's shareholders; and
- f. The listed company must comply with the disclosures required herein, notwithstanding the applicability of any of the provisions under the Revised Disclosure Rules of the Exchange.
3. Notwithstanding the applicability of any of the provisions under the Revised Disclosure Rules of the Exchange, the listed company is required to disclose through a Comprehensive Corporate Disclosure (CCD) the following information through the Online Disclosure System (ODiSy) of the Exchange:

  - f. Placing price of the shares and the basis for setting such price;
  - g. Subscription price of the shares under the subscription tranche and terms of payment;
  - h. Total transaction value;
  - i. Rationale of the transaction;
  - j. Total funds to be raised and the proposed use of the proceeds, including a detailed work program;
  - k. Timetable of the placing and subscription transaction;
  - l. Applicable regulatory approvals;

Table showing the ownership structure of the listed company before and after the placing and subscription transaction indicating the number of shares held and respective percentage ownership of the listed company's shareholders. Such table must indicate the listed company's majority and minority shareholders, with the identities of controlling shareholders.
  - n. Complete list of the subscribers/investors under the placing tranche, with a background of the respective investors, one (1) trading day from the execution of such placing. Such background information must indicate the following:
    - i. for corporate investors: nature of business, capital structure, ownership structure, key officers and members of the board of directors, financial statements; and
    - ii. for individual investors: business affiliation/s, brief background on the business/es, position/s held.

- o. An external legal counsel's opinion, one (1) trading day after the actual execution of the placing tranche, that, under the placing tranche:

  - ii. no investor or investors acting in concert have acquired the listed company's shares amounting to 10% or more of the listed company's issued and outstanding capital stock; and

Date : November 14, 2002  
 Subject : AMENDMENT TO SECTION 10, ARTICLE XII (STOCK DIVIDENDS),  
 LISTINGS & DISCLOSURE RULES

Please be informed that the Board of Directors of the Exchange, in its regular meeting held on 13 November 2002, approved the amendments to Section 10, Article XII (Stock Dividends) of the Listings & Disclosure Rules.

Section 10, Article XII (Stock Dividends) of the Listings & Disclosure Rules provides as follows:

"SECTION 10. Issuance of Certificates of Stock Dividend. – For the corporations the shares of which have been lodged with the PCD, all stock dividends and all cash dividends shall be remitted to PCD for immediate distribution to its participants no later than eighteen (18) trading days from record date (the payment date) provided, that in case of stock dividends, the credit of the stock dividend shall be on the Payment Date which in no case shall be later than the stock dividends' listing date.

"If the stock dividends shall come from an increase in capital stock, all stocks shall be credited to PCD for immediate distribution to its participants not later than twenty (20) trading days from date of approval by the Commission of the registration which in no case shall be later than the stock dividend listing date."

In response to a clarificatory letter sent by the Listings & Disclosure Group dated 21 October 2002, the SEC took note of the request of the Exchange to consider the required number of days within which the listed company must disclose the record date to the Exchange in setting the same. Thus, the SEC stated in its letter dated 28 October 2002 that a "uniform requirement on setting of payment date may be applied on all stock dividend declarations, whether the shares shall come from unissued capital or from (an) increase in the capital stock of the company".

Dear Atty. Cervantes:

This is in reply to your letter dated October 21, 2002 relative to the implementation of Section 8 of the Amended Rules Governing Pre-Emptive and Other Subscription Rights.

Please be informed that the Company Registration and Monitoring Department (CRMD) of the Commission has been advised of your request to consider in its setting of record date the required number of days within which listed companies must disclose said date to the Exchange.

Anent your query, a uniform requirement on the setting of payment date may be applied on all stock dividend declarations, whether the shares shall come from the unissued capital or from the increase in the authorized capital stock of the company, in view of the fact that dividend shares from the former are no longer required to be registered under Sections 8 and 12 of the Securities Regulation Code which effectively eliminated the distinction between the two.

As ruled therefore on EDSA Properties Holdings, Inc., the payment dates shall not be later than eighteen (18) trading days from record date. The record date may in such case be set beyond the minimum of ten (10) days from approval of the increase in capital stock. This would solve the problem on overlapping of dates and violation of the Disclosure Rules of the Exchange.

Very truly yours,

Dear Atty. Cervantes:

This is to clarify the issue on the deadline for the remittance of cash dividends accruing to shares not lodged in the PCD or those in certificated form, which is unfortunately not provided under paragraph (1) of SEC-BED Memorandum Circular No. 05-97 ("Circular") that reads as follows:

"For the corporations the shares of which have been lodged with the Philippine Central Depository (PCD), all stock dividends and all cash dividends shall be remitted to PCD for immediate distribution to its Participants no later than eighteen (18) trading days from record date ("Payment Date") provided, that in case of stock dividends, the credit of the stock dividend shall be on the Payment Date which in no case shall be later than the stock dividends listing date.

If the stock dividends shall come from an increase in capital stock, all stocks shall be credited to PCD for immediate distribution to its Participants no later than twenty (20) trading days from the date of approval by the Commission of the registration which in no case shall be later than the stock dividend listing date." (highlighting, ours)

Clearly, no remittance to the PCD can be made in cases where the shares are not lodged with it. The absence therefore of a custodian or PCD in the process would necessarily make the distribution of the cash dividends by the company directly to the individual stockholders "no later than eighteen (18) trading days from record date", as indicated in the aforementioned provision of the Circular. The same procedure shall apply to second paragraph of the Circular.

We trust that the foregoing settles the subject issue.

Very truly yours,

**JUSTINA F. CALLANGAN**  
Director

SEC Memorandum Circular No. 7  
 Series of 2008

To: All Concerned Corporations

Subject: New procedures for filing of annual financial statements

Date: August 1, 2008

THE Commission has observed that, during the past years, the filing of the annual financial statements (FS) at its head office in Mandaluyong City had been done either close to the last day or the deadline itself.

The rush of "deadline filers" often caused near pandemonium in the premises that compromised the safety of the filers, the Commission's personnel and government properties.

To prevent a recurrence of these incidents and make the filing of FS more orderly, the Commission, pursuant to its authority under the Corporation Code and Securities Regulation Code, resolved in its meeting on July 31, 2008, to adopt the following measures in the filing of the FS of companies whose fiscal year ends on December 31, 2008:

1. All corporations, including branch offices, representative offices, regional headquarters and regional operating headquarters of foreign corporations, that file their FS at the Commission's head office shall, depending on the last numerical digit of their SEC registration or license number, be governed by the following schedule in 2009:
 

April 20, 21, 22, 23, 24	:	"1," "2," "3"
April 27, 28, 29, 30	:	"4" and "5"
May 4, 5, 6, 7, 8	:	"6," "7," "8"
May 11, 12, 13, 14	:	"9" and "0"
2. Corporations whose fiscal year ends on a date other than December 31, 2008 shall comply with their original filing schedule;
3. Prior to April 20, 2009, all corporations may file their FS regardless of the last numerical digit of their registration or license number;

4. Late filings shall be accepted starting May 15 and shall be subject to the prescribed penalties which shall be computed from the date of the last day of the filing schedule stated in paragraph 1;
5. Any filing made before or after the scheduled dates shall not be accepted unless covered by paragraphs 3 and 4 above;
6. Requests for extension of time to file the FS or notifications of inability to not be accepted;
7. Except for the foregoing changes, (a) all the rules on the preparation and submission of the FS, such as, but not limited to, proof of filing of the FS with the Bureau of Internal Revenue or any of its authorized agent banks, and registration of the corporation's auditor with the Board of Accountancy shall continue to be in effect; and (b) the existing period for the filing by listed companies of their FS at the Philippine Stock Exchange, i.e., 105 days after the end of the fiscal year, shall remain unchanged; and
8. All FS that meet the basic acceptance criteria shall be received subject to the Commission's review of its form and contents. Any deficiency in the filing or deviation from prescribed accounting and audit standards that may be found during the review shall subject the company concerned, its officers and auditors to appropriate penalties for violation of SRC Rule 68 and other applicable rules and regulations.

All other circulars, memoranda and implementing rules and regulations that may be inconsistent with the foregoing provisions shall be deemed modified or amended accordingly.

This Memorandum Circular shall be published in two newspapers of general circulation.

## Implementing Guidelines on Companies under Corporate Rehabilitation

### A. Issuance of Trading Suspension

As provided for in the Listing & Disclosure Rules, a trading suspension shall immediately be issued upon receipt of the initial disclosure on any planned or actual filing of a petition for corporate rehabilitation. A Circular is issued to Trading Participants announcing the planned or actual filing, and the trading suspension to be effected. Listed companies shall likewise submit to the Commission and the Exchange a copy each of the Petition and all the annexes including the Proposed Rehabilitation Plan as filed with the court having jurisdiction over the rehabilitation proceedings, within twenty four (24) hours from actual filing thereof.

### B. Lifting of the Trading Suspension

The Exchange shall disseminate any approval of the rehabilitation plan issued by the court. Upon approval of the rehabilitation plan, the Issuer shall submit a comprehensive corporate disclosure on the effects of the rehabilitation plan on the capital structure of the company, if any, within forty-eight hours from receipt of the approval of the Rehabilitation Plan. The disclosure shall then be released to Trading Participants upon receipt of the same, with the corresponding announcement on any changes to the capital structure of the company. The trading suspension shall be lifted five (5) trading days from release of the comprehensive corporate disclosure. The lifting of the trading suspension shall be effected whether or not an appeal is filed by any of the company's creditors, unless the implementation of the plan is restrained by the appellate court. In the event the appellate court restrains or enjoins the RTC and the parties from implementing the Rehabilitation Plan or reverses or sets aside the Order approving the Rehabilitation Plan, the Exchange shall immediately issue a trading suspension upon receipt of disclosure of such restraining order, injunction or order of reversal.

The Issuer shall likewise submit to the Commission and the Exchange a copy each of the Rehabilitation Plan as approved by the Court.

If a company is suspended for grounds other than the pendency of the proceedings for rehabilitation, trading suspension shall only be lifted upon the submission of such requirements that would entail lifting of the suspension, and/or removal from the list of candidates for delisting.

1

### C. Continued submission of Disclosure requirements

The pendency of corporate rehabilitation proceedings and the suspension of trading of the company's securities do not bar the applicability of the Revised Disclosure Rules and the reportorial requirements under the same. Material developments on the judicial proceedings are required to be disclosed by the Issuer, including any change or deviation from the approved rehabilitation plan. The continued submission of disclosure requirements remains the principal responsibility of the Issuer, including any information submitted by the rehabilitation receiver to the court.

While the Company is under Corporate Rehabilitation, the Exchange shall post in the 'Message Window' of the Maktrade System that the Company is 'under corporate rehabilitation'. Further, said reminder shall be included in the daily quotation that the Exchange distributes daily to the public. Any posting of a disclosure about the company into the PSE's website or Online Disclosure System shall bear the same reminder. These requirements shall remain in effect until such time that the status of the Company warrants the removal or amendment of said notice.

### D. Delisting

When the court where the rehabilitation proceedings are pending dismisses the petition by denying due course to the same, the Exchange shall disseminate the information to the Trading Participants and the general public.

Should a company fail to implement the rehabilitation plan as approved by the court and under the terms and conditions set forth therein, or when rehabilitation proceedings are terminated prior to full implementation of the approved rehabilitation plan, the Exchange shall suspend the trading of the company's shares for the initiation of delisting procedures. Delisting procedures under these Guidelines shall be without prejudice to other grounds that may be applicable against a listed company.

### E. Effectivity

These Guidelines shall take effect in accordance with Section 40.3 of the Securities Regulation Code.

The data in Annex "A" are based on the submissions of listed companies. As such, the PSE makes no representation on the accuracy, validity, correctness and completeness of the information stated in the attached document. The PSE shall use the information contained in the POR submitted by the company in computing a company's weight in the index and this may be updated or adjusted consistent with the policy of the Exchange in managing the PSEi and sector indices.

## Listing Rules for the Main and Small, Medium and Emerging ("SME") Boards of the PSE

### GUIDELINES IN THE INTERPRETATION OF ARTICLE III, PARTS D and E of the REVISED LISTING RULES, AS AMENDED

1. The Revised Rules for Listing in the Main and SME Boards of The Philippine Stock Exchange, Inc. (the "Revised Rules") primarily aim to: (i) consolidate the First and Second Boards of the PSE into a new listing board called the Main Board with a new set of listing criteria; and (ii) retain the SME Board, intended for *Small, Medium* and *Emerging* companies, with more stringent listing requirements. This proposal is aligned with the dual-listing board structure in other exchanges.
2. These Revised Rules supersede Parts D (First Board Listing), E (Second Board Listing), and F (Small & Medium Enterprises Board) of the Revised Listing Rules.
3. These Revised Rules were formulated to rationalize the criteria for listing in the different boards and enhance investor protection features of the rules.
4. Any doubt in the interpretation of these Revised Rules shall be resolved in a manner that would be consistent with the principal objective of the Exchange to provide a fair, orderly, efficient and transparent market for the trading of securities and to ensure the suitability of securities for listing for the protection of public interest.
5. The Liberal Interpretation of the Listing Rules for Mining Companies and the Supplemental Listing and Disclosure Requirements for Petroleum and Renewable Energy Companies shall continue to apply. Thus, mining, petroleum, and renewable energy companies which do not have the required operating history and track record of profitable operations shall be deemed compliant with the operating history and track record requirements upon compliance with the requirements set forth in the Additional Requirements for Mining Companies and the Supplemental Listing and Disclosure Requirements for Petroleum and Renewable Energy Companies.
6. The minimum number of stockholders required in Section 1(h) of Part D and Section 1(i) of Part E of the Revised Rules shall be required only upon listing. Thereafter, as a continuing listing requirement, the listed company shall observe the ten percent (10%) minimum public ownership requirement, unless otherwise amended, set in the Exchange's Amended Rule on Minimum Public Ownership.
7. The requirement for valuation of assets in Section 1(i) of Article III, Part D and Section 1(g) of Article III, Part E of the Revised Rules shall be imposed only for applications for additional listing involving non-cash transactions and Initial Public Offering of real estate companies.

## Listing Rules for the Main and Small, Medium and Emerging ("SME") Boards of the PSE

---

8. The 180-day lock-up period in Section 2 of Article III, Part D of the Revised Rules shall also apply to companies that do not meet the track record requirement but comply with the requirements in Section 1(b)(i) or Section 1(b)(ii) of Article III, Part D of the Revised Rules.
9. The restriction in Section 3(b) of Article III, Part D is applicable only to mining, petroleum, and renewable energy companies, newly formed holding companies that invoke the track record of their respective subsidiaries, and such other companies that may subsequently be determined by the Exchange as exempt from both the track record and operating history requirements. The prohibition does not apply to companies invoking Section 1(b)(i) of Article III, Part D of the Revised Rules as the said companies are still subject to the operating history requirement. The restriction in Section 3(c) of Article III, Part E, on the other hand, is applicable only to mining, petroleum, and renewable energy companies, and such other companies that may subsequently be determined by the Exchange as exempt from both the track record and operating history requirements.
10. Section 3(b) of Article III, Part E of the Revised Rules does not preclude companies from engaging in related businesses that fall within its primary purpose.
