LISTING AND DISCLOSURE
RULES**

Published as of July 2022

Foreword

The Consolidated Listing and Disclosure Rules (“Rules”) of The Philippine Stock Exchange, Inc. (“PSE”) is a compilation of all existing rules of the PSE governing the admission of securities to the Exchange’s registry and the continuing listing and disclosure requirements for listed companies. These Rules are consistent with the PSE’s status as a Self-Regulatory Organization and with the pertinent provisions of the Securities Regulation Code.

As the PSE continues to fulfill and enforce its role of providing a facility for fair, accurate, complete and timely information, these Rules shall serve as the single access point for all our stakeholders to better understand and get acquainted with the rules that we enforce.

Throughout the years, the PSE has consistently adopted world-class systems and global best practices to become a premier exchange. We hope that these Rules will highlight what we have accomplished as an Exchange in attaining this vision.

A serious question exists relative to the above persons and/or entities if, during the past five (5) years, any of the following events occurred:

- (i) Any petition for insolvency was filed by or against the Issuer or any of its directors or any business of which any of its directors was a director, general partner or executive officer either at the time of the insolvency or within two (2) years prior to that time;

Note: While the Exchange's Suitability Rule only refers to a "petition for insolvency," the same cannot be construed as to exclude similar proceedings relating to indebtedness such as, but not limited to, bankruptcy, liquidation, rehabilitation and receivership.

- (ii) Any conviction by final judgment in a criminal proceeding for an offense involving moral turpitude, domestic or foreign, including a *nollo contendere* case, or being subject to a pending criminal proceeding for an offense involving moral turpitude, domestic or foreign, excluding traffic violations and other minor offenses;

Note: The Exchange shall only consider, in connection with the Suitability Rule, criminal cases involving moral turpitude where there was already a conviction in the Regional Trial Court (or Municipal Trial Court and other trial courts) in determining the suitability of listed and Applicant Companies. This is pursuant to the constitutional precept on presumption of innocence and in recognition of its duty to protect the investing public.

Thus, with respect to pending criminal cases for estafa, plunder and violations of the Anti-Graft and Corrupt Practices Act which cases involve moral turpitude in accordance with Supreme Court decisions, and where trial courts have NOT yet rendered any decision, the pendency of said criminal proceedings will not be considered as a ground for the rejection of the listing of securities of Applicant Companies. (Guidance Note 1 – PSE Memo for Brokers dated 27 November 2007 re: Interpretation of the Suitability Rule of the Exchange)

- (iii) Being subject to any order, judgment, or decree, not subsequently reversed, suspended or vacated, of any court of competent jurisdiction, domestic or foreign, permanently enjoining, barring, suspending or otherwise limiting his involvement in any type of business, securities, commodities or banking activities; and
- (iv) Being found by a domestic or foreign court of competent jurisdiction (in a civil action), the Commission or comparable foreign body, or a domestic or foreign exchange or electronic marketplace or self-regulatory organization, to have violated

a securities or commodities law, and the judgment has not been reversed, suspended, or vacated.

- (d) The Issuer engages in operations which are contrary to the public interest, public morals, good customs, laws, rules and regulations, public order or public policy;
- (e) There exists an action or claim against all or substantially all (as defined under Section 40 of the Corporation Code of the Philippines) of the Applicant Company's property;

Note: Section 40 of the Corporation Code is now Section 39 of the Revised Corporation Code.

- (f) The Issuer or any of its officers and directors has become the subject of legal proceedings for suspension of payments or other debt relief within the past five (5) years, or otherwise becomes unable to pay its debts as they mature or shall make or threaten to make an assignment for the benefit of, or a composition or arrangement with, creditors or any class thereof, or shall declare a moratorium on indebtedness;
- (g) The Issuer has applied for or has consented to the appointment of any receiver, trustee or similar officer, for its or substantially all of its property pursuant to the Rules of Court or other relevant laws; or a competent court, arbitrator or government agency appoints such officer, for the Applicant Company for all or substantially all of its property;
- (h) The introduction of a new law or regulation or any change in existing laws or regulations, which has a material and adverse effect on the Issuer;
- (i) There is a change or impending change in any law, rule, regulation, administrative practice or interpretation that could materially affect any of the features, yield or marketability of the securities sought to be listed;
- (j) An order is issued by the Commission or any government agency canceling, terminating, suspending or otherwise prohibiting the listing of securities of the Issuer;
- (k) The Exchange has determined that the transaction entered into between the Issuer and its directors and/or officers poses material

conflict(s) of interests and are disadvantageous to the Issuer using the following criteria:

- (i) The arrangement is unnecessary or not beneficial to the operations of the Issuer;
 - (ii) The terms of the arrangement are not the same or less favorable than those which may be obtained from other persons;
 - (iii) The transaction has not been ratified by independent directors and/or shareholders; or
 - (iv) The transaction has not been adequately disclosed to existing shareholders.
- (l) The Issuer fails to comply with published rules and requirements which the Exchange may deem necessary and hereinafter prescribe; and
- (m) Any other event or circumstance which, in the judgment of the Exchange in its conduct of due diligence, may render the listing of the Applicant Company's shares inconsistent with the Rules.

PART C METHODS OF INITIAL LISTING

*Note: The rules governing listing of Real Estate Investment Trusts (REITs) and Exchange Traded Funds (ETFs), as amended, can be seen as **Supplemental Rules 3, 3.1, and 11.***

These methods of initial listing may be adopted by the Applicant Company in its application for listing of its securities subject to the requirements of the applicable Board.

SECTION 2. Secondary Offering – Secondary Offering is an offer for sale made to the investing public by the existing shareholders of their securities which are already issued (i.e., secondary shares).

SECTION 3. By Way of Introduction – Initial listing by way of introduction shall refer to an application for listing of securities that are already issued or securities that will be issued upon listing, where no public offering will be undertaken because the securities for which listing is sought would be of such an amount and would be so widely held that their adequate marketability when listed can be assumed, or when listing in an exchange or public offering is mandated by law or by the Commission or other government agencies, in the exercise of their powers under the law.

*Note: Section 3 above has been amended to reflect the first paragraph of Section 1 of the Amended Rules on Listing by Way of Introduction which was approved by the Commission on 3 March 2011 and took effect on 24 March 2011. The details of the requirements, as stated in the said Amended Rules, were incorporated as Article III, Part G of the Rules. SECTION 4. Applicability – Applicant Companies applying to list in the First Board and Second Board are allowed to conduct both primary offerings and secondary offerings. Only primary offerings are allowed for listing on the SME Board.

For Applicant Companies applying to list by way of introduction, acceptance for listing shall be based on the listing criteria established by the

Exchange in either the First Board or Second Board, Section 2, Part H, Article III of these Listing Rules.

Notes: The first paragraph of Section 4 above has been superseded by the Main and SME Board Listing Rules, particularly Article III, Part D, Section 3(b) for the Main Board and Article III, Part E, Section 4(c) for the SME Board.

Article III, Part D, Section 3(b) provides that companies that are exempt from the track record and operating history requirements, such as mining, petroleum and renewable energy companies and newly formed holding companies referred to in Section 1(b)(ii) of the Main and SME Board Listing Rules, are prohibited from offering secondary securities during the Initial Public Offering.

On the other hand, Article III, Part E, Section 4(c) provides that companies that are exempt from the track record and operating history requirements, such as mining, petroleum and renewable energy companies, are prohibited from offering secondary securities during the Initial Public Offering.

*The second paragraph of Section 4 above has been superseded by the Amended Rules on Listing by Way of Introduction which amended Article III, Part G, Section 2 to read as: "Suitability of applicant companies applying to list their securities by way of introduction shall be based on the listing criteria and requirements established by the Exchange for initial listings". The detailed explanation must state the approval of the Applicant Company's Board of Directors as required in item (iii) above.

The Exchange may require disclosure of additional information as it considers appropriate and material in any particular case.

A sponsor must ensure continuing compliance with the above eligibility criteria and such other conditions as may be imposed by the Exchange. It shall notify the Exchange immediately if it ceases to fulfill any of the eligibility criteria or conditions imposed by the Exchange, or has reason to believe that it will cease to do so.

SECTION 9. Validity of Sponsor Accreditation – The Exchange’s accreditation of sponsor shall take effect upon payment of the applicable fee and shall be valid for a period of three (3) years from date of accreditation.

inform the Exchange and sell down to less than five percent (5%) within twelve (12) months from such breach.

In case of doubt as to its independence, a sponsor may consult the Exchange ahead of entering into any arrangement or transaction.

SECTION 11. Conflict of Interest – A sponsor must take all reasonable steps to ascertain whether a conflict of interest exists or is likely to exist in relation to its role as a sponsor. It shall refrain from entering into any transaction that may lead to a potential conflict of interest. In particular, a sponsor must not act for any other party to a transaction other than the company for whom it acts as sponsor. For the avoidance of doubt, a sponsor may provide both sponsorship and underwriting or other financial advisory services to a listing applicant. A sponsor may also act as sponsor to more than one company, provided such arrangement does not create a conflict of interest.

If the sponsor becomes aware of an actual or potential conflict of interest, it must fully disclose to the sponsored company's board of directors and to the Exchange the nature and extent of the conflict of interest and the steps taken to address such conflict.

Where a conflict of interest cannot be resolved satisfactorily, a sponsor must not act for an applicant or listed company. In case of doubt, a sponsor may consult the Exchange prior to entering into any arrangement or transaction.

- 5) implementation of policies, procedures and controls to prevent the use of material non-public information about the sponsored company by the sponsor's directors, officers and employees to trade for their own benefit or the benefit of their related parties. For this purpose, the sponsor shall maintain a list of restricted securities and monitor the trading activities of its directors, officers and employees who are privy to material non-public information regarding restricted securities.

The sponsor shall notify the Exchange in writing at least fourteen (14) days before undertaking a new business function which may create a conflict of interest with its sponsor activities. The sponsor must supply the Exchange with information regarding the new business function and the procedures in place to avoid any conflict of interest with its sponsor activities.

SECTION 13. Continuing Sponsorship - A sponsor who endorses a sponsored company for listing must continue to provide business and compliance advisory services to the sponsored company for at least three (3) full fiscal years from listing. - 7) Advising the sponsored company on various corporate governance matters, as necessary.

SECTION 14. Termination of Sponsor Appointment –

- 1) Sponsor appointment may be terminated earlier than the prescribed three (3) full fiscal years, upon thirty (30) days' written notice to the Exchange, if all of the following conditions are fulfilled:
 - a. The sponsored company becomes profitable based on the eligibility criteria for non-sponsored applicants for at least one (1) full fiscal year after its listing; and
 - b. The sponsored company has no violations of the Exchange's rules for twelve (12) consecutive months.
- 2) Sponsor appointment may also be terminated earlier than the prescribed three (3) full fiscal years on grounds other than that provided in paragraph (1) of this section, provided the provisions of Section 15 are complied with.

SECTION 15. Procedure for Termination of Sponsor Appointment –

The party initiating the termination must comply with the following:

- 1) Give at least three (3) months' notice to the other party;
- 2) If a replacement sponsor has been found, notify the Exchange of the proposed termination, together with the detailed reasons for the termination, and the name of the replacement sponsor which must likewise be an Exchange-accredited sponsor;

- 3) If no replacement sponsor has been found, seek the Exchange's prior approval of the proposed termination, together with the detailed reasons for the termination; and
- 4) If the party initiating the termination is the sponsor, it shall provide to the sponsored company, in a form suitable for release to the market, confirmation that it is not aware of any non-compliance with the rules by the sponsored company that has not been brought to the attention of the replacement sponsor, or to the attention of the Exchange if a replacement sponsor has not been appointed. The sponsored company shall disclose this confirmation through the Exchange's online disclosure system.

The sponsor shall continue its sponsorship of the sponsored company during the notice period, unless a new sponsor agrees to take over before the expiry of the notice period. The sponsor and sponsored company must take all necessary steps to ensure a smooth and proper transition of existing work of the outgoing sponsor to the replacement sponsor, including providing all relevant documents, information and records.

As a general rule, the Exchange will not approve a proposed termination of sponsor appointment if no replacement sponsor has been appointed, unless there are exceptional circumstances. In the event the Exchange grants its approval but the sponsored company fails to find a replacement sponsor within three (3) months from the date of the Exchange's approval, the Exchange shall suspend the trading of its securities. The Exchange shall automatically delist the sponsored company if it fails to appoint a replacement sponsor at the end of six (6) months from the Exchange's approval of the termination.

SECTION 16. Sponsor's Reporting Obligations -

- 1) A sponsor shall immediately notify the Exchange of the following:
 - A. A sponsored company refuses to heed its advice on matters which may involve or lead to a breach of the Exchange's rules; or

- 2) A sponsor should be available to communicate with the Exchange at all times, especially during trading hours, and whenever requested to do so.

- 3) A sponsor must cooperate and render every assistance to any investigation or inquiry conducted by the Exchange on any matter relating to its sponsor activities.

SECTION 17. Review of Sponsor Performance –

- 1) **Review by the sponsor** - A sponsor must undertake an annual review of its sponsorship activities to enable it to determine the effectiveness of its role as a sponsor and compliance with its obligations under the Exchange's requirements. Where any inadequacies are detected, the sponsor must take steps to address the inadequacies and to enable the effective discharge of its role and responsibilities as a sponsor.
- 2) **Review by the Exchange** - The Exchange may, at any time, review the performance or conduct of each sponsor provided that the Exchange gives reasonable advance notice to the sponsor of its planned review.

During the review, the sponsor must provide reasonable assistance to the Exchange, including:

- A. allowing access to all information, books and records which, in the Exchange's opinion, may be relevant to the review;
 - B. allowing access to its premises; and
 - C. requiring its directors, officers, employees and agents to provide reasonable assistance and attend interviews scheduled by the Exchange.
- 3) In reviewing the performance and conduct of sponsors, the Exchange shall have regard to:

 - B. the conduct of the sponsor in its dealings with the Exchange in connection with its sponsor activities;
 - C. the compliance (or non-compliance) by the sponsor with the Exchange's rules or regulations applicable to sponsors, any conditions imposed by the Exchange, and all applicable legislation and guidelines issued by regulatory authorities;
 - D. the possibility or existence of conflicts of interest; and

- E. changes to qualified key personnel during the past twelve (12) months.
- 4) The Exchange may, but is not obliged to, give a copy of the results of its review to the sponsor.

SECTION 18. Regulatory Actions by the Exchange - If the Exchange determines that a sponsor no longer meets the eligibility criteria, or it has not performed its duties satisfactorily, lacks sufficient resources to discharge its obligations, or is in breach of any relevant rule or law in any place where it operates, including being the subject of any disciplinary proceedings, or any investigation which might lead to disciplinary action by any regulatory authority, the Exchange may take one or more of the following actions against a sponsor:

- 1) Reprimand the sponsor;

A sponsor whose accreditation is suspended shall have three (3) months from effectivity of suspension to rectify or cure the violation that led to its suspension. During the suspension period, it can continue to act as sponsor for its clients but cannot take on additional clients. A sponsor's failure to cure the violation and have the suspension lifted after three (3) months may result in revocation of its accreditation.

If a sponsor's accreditation is revoked, any listed company for which it acts as a sponsor shall be given three (3) months from the announcement of the revocation of the sponsor's accreditation to appoint a new sponsor.

Nothing in these rules prevents the Exchange from commencing disciplinary proceedings as it deems appropriate.

ARTICLE III EQUITY SECURITIES

PART F DISTRIBUTION OF INITIAL PUBLIC OFFERING SHARES THROUGH THE EXCHANGE

Note: This rule, originally Part G of the 2004 Revised Listing Rules, has been renamed as Part F in view of the deletion of Part E on Second Board listing and insertion of the Main and SME Board Listing Rules as Parts D and E, respectively.

SECTION 1. Rationale – In order to achieve the objective of a wider dispersal of shares of the Initial Public Offering (“IPO”) and expansion of local investors, the Exchange shall implement the following distribution of IPO shares in accordance with the rules of the Commission.

Note: The Exchange implements a Timetable of Offering Activities for Initial Public Offerings for domestic offerings and domestic with international offerings. (Appendix 2 - Detailed Timetable of Offering Activities for Initial Public Offerings for domestic and domestic with international offerings)

All Offer-Related activities under this Part shall be in accordance with the Detailed Timetable of Offering Activities for Initial Public Offerings.

SECTION 2. Book-Building Process – A book-building program for the domestic market and simultaneously with the international tranche, if any, shall involve up to sixty percent (60%) of the total amount of the offer shares wherein qualified institutional buyers (“QIB”) may be allowed to participate in the book-building. QIBs shall be limited to the following: mutual funds; pension or retirement funds; commercial or universal banks; trust companies; investment houses; insurance companies; investment companies; finance companies; venture capital firms; government financial institutions; trust departments of commercial or universal banks, non-bank quasi banking institutions, Trading Participants of the Exchange; non-stock savings and loan associations; educational assistance funds; and other institutions of similar nature.

Five (5) Trading Days prior to the start of the book-building process, the Applicant Company shall disclose to the Exchange the exact percentage of the offer shares allocated for book-building; provided, that in cases of a public offering where the offer price can be ascertained by other means, the book-building program shall be optional.

SECTION 3. Allocation to Local Small Investors – The allocation to the "local small investors" or "LSI" shall be at least ten percent (10%) of the entire IPO which shall be offered only after the effectivity of the registration statement and during the formal

offering period. The issuer shall provide the appropriate distribution mechanism to facilitate greater participation in the LSI allocation nationwide.

The term "local small investor" or "LSI" is defined as a "share subscriber" who is willing to subscribe to a minimum board lot and whose subscription does not exceed One Hundred Thousand Pesos (₱100,000.00); provided, however, that the Exchange's Management may increase the maximum subscription amount for the LSI, on a case to case basis, taking into account the offer size of the IPO consistent with the objective of facilitating and achieving maximum participation and subscription to the LSI allocation. In the event of an over or under subscription in the ten percent (10%) offer, a "clawback" or a "clawforward" mechanism shall be implemented.

The issuer shall submit a mechanism that will prioritize subscriptions of small investors with amounts lower than One Hundred Thousand Pesos (₱100,000.00) or the maximum amount determined by the Exchange, as may be applicable, in the ten percent (10%) allocation for LSIs. The same shall be reflected in the registration statement covering the IPO.

*Note: The above Section 3 was amended to reflect the amendments in **Supplemental Rule 15** – PSE Memorandum MEA – No. 2022-0002 dated 13 June 2022 re: Effectivity of Amendments to the Rules for Local Small Investors.*

SECTION 4. Clawback Mechanism – Where an IPO includes an offering to the local and/or international markets, the minimum allocation of shares to the local small investors' subscription shall be as follows:

- (a) an initial allocation of ten percent (10%) of the offer shares;
- (b) a clawback mechanism that increases the number of shares to fifteen percent (15%) when the total demand for shares in the local small investors' subscription is five (5) times or more than the initial allocation. Discounts to the final offer price for any shares in excess of the initial allocation shall be at the discretion of the Issuer.

In the event that the total demand for shares in the local small investors' subscription exceeds the maximum allocation of fifteen percent (15%) under the clawback mechanism, the underwriter shall allocate the shares by balloting.

SECTION 5. Allocation to the General Public – The balance of at least thirty percent (30%) may be distributed by the underwriters directly to their clients/general public, to include institutional investors and high net worth individuals. Stockbroker/dealers may be allowed to subscribe to IPOs for their dealer accounts, provided, that if they opt to sell the shares to their customers during the offering period

it must be at a price not higher than the IPO price. Likewise, stockbrokers/dealers are prohibited from selling these shares after the offering period and before listing. While the stockbrokers/dealers may be allowed to purchase IPO shares for their dealer accounts, their first responsibility is to give priority to their customers' orders. Their books and records shall be subject to post listing audit by the Commission to make certain that they do not purchase IPO shares ahead of their customers' orders. The shares allocated to the general public shall include twenty percent (20%) of the amount of the offer shares, to be sold by the Trading Participants of the Exchange.

SECTION 6. Indications of Interest for Shares – Before trading of the shares commences, the Applicant Company shall disclose the level of indications of interest for the shares offering. This shall be provided in either numerical form or by way of a qualitative description.

SECTION 7. Offering Period to Small Investors – The period within which to offer the shares to the public shall be determined by the Applicant Company, which shall not be less than five (5) Trading Days. Nevertheless, the Applicant Company is prohibited from selling or in any manner disposing of its shares to the public, both locally and abroad, before the start of the offering period. The Exchange shall have the right to revoke the approval of the listing application if it finds that the Applicant Company violated the aforementioned rule.

SECTION 8. Reservation of Listing Date – In reserving the listing date, the basis for queuing shall be the date and time when the Exchange receives the hard copy of the letter-request. The Applicant Company shall only be allowed to reserve one (1) specific date. In the event that the Applicant Company abandons its reserved date, it shall forthwith file another letter-request which shall be subjected to the same basis for queuing.

SECTION 9. Listing Date and Failure to Offer and/or List –

- (a) The offering period and formal listing of the shares shall be conducted within the period stated in the Notice of Approval of the listing application ("Approved Period").

If no offering and listing were conducted within the Approved Period or any new schedule granted by the Exchange, as may be applicable, the listing application shall be deemed abandoned and the Exchange shall not refund the filing fee paid by the Applicant Company. On the other hand, if an offering was conducted, formal listing shall be made within ten (10) calendar days from the end of the offering period; otherwise, the listing application shall be deemed abandoned, the Exchange shall not refund the filing fee paid by the Applicant Company, and the Applicant Company shall be required to

refund all subscription payments within ten (10) banking days from the lapse of the prescribed period for listing. In both cases of abandonment, the Applicant Company may file another application for listing but it shall be filed only after one hundred eighty (180) calendar days from the lapse of the Approved Period.

- (b) After the approval of the application for listing and within six (6) months from the Applicant Company's receipt of the Notice of Approval ("NOA"), the Applicant Company may file with the Listings Department a request to move the offering period and formal listing to a later date but in no case beyond six (6) months from the Applicant Company's receipt of the NOA only if the request is based on meritorious and reasonable grounds, as determined by the Exchange. In such case, fifty percent (50%) of the filing fee paid by the Applicant Company shall be forfeited and only the remaining fifty percent (50%) of the filing fee paid shall be applied to said listing application. Issuer shall pay any deficiency between the remaining fifty percent (50%) of the filing fee paid and the final filing fee.

If the new offering period and formal listing are outside the six (6)-month period from the Applicant Company's receipt of the NOA, paragraph (a) of this section shall apply.

*Note: The above Section 9 was amended to reflect the New Fee Framework for Listing Applications (see **Supplemental Rule 16**)*

SECTION 10. Delivery and Contents of Selling Kits – The Applicant Company shall deliver to the Exchange for distribution to the Trading Participants the sufficient number of selling kits which shall contain: (a) three (3) copies of the Offering Prospectus and any amendment or supplement thereto, if any; (b) sales report; (c) diskette; (d) signature card; and (e) subscription forms.

The selling kits shall be delivered to the Exchange at least two (2) Trading Days before the start of the book-building process. Failure to comply with the aforementioned requirement shall be a ground for the deferment of the Offering Period.

*Note: The selling kits shall be delivered to the Exchange at least two (2) Trading Days prior to the start of the Offering Period in accordance with the Timetable of Offering Activities for Initial Public Offerings. (see **Appendix 2**)*

SECTION 11. Submission of Sales Report – The Applicant Company or its Transfer Agent shall submit a sales report to the Securities Clearing Corporation of the Philippines ("SCCP") and/or the Philippine Central Depository, Inc. In exercising the right of rejection, the Applicant Company shall be guided by the following:

- (a) It shall serve the notice of rejection or reduction to the Applicant Company/subscriber within five (5) banking days after the end of the offering period; and

ARTICLE III EQUITY SECURITIES

PART G LISTING BY WAY OF INTRODUCTION

Notes: This rule, originally Part H of the 2004 Revised Listing Rules, has been renamed as Part G in view of the deletion of Part E on Second Board Listing and insertion of the Main and SME Board Listing Rules as Parts D and E, respectively.

*Further, the entire Article III Part G has been amended to reflect all the provisions in the Amended Rules on Listing by Way of Introduction (see **Supplemental Rule 5**)*

SECTION 1. Listing by Way of Introduction – This applies to an application for listing of securities that are already issued or securities that will be issued upon listing, where no public offering will be undertaken because the securities for which listing is sought would be of such an amount and would be so widely held that their adequate marketability when listed can be assumed, or when listing in an exchange or public offering is mandated by law or by the Commission or other government agencies, in the exercise of their powers under the law.

Listing of securities by way of introduction may be appropriate in the following circumstances:

- (a) where securities for which listing is sought are already listed or traded or will simultaneously be listed in another stock exchange or, subject to the approval of the Exchange, are listed on another trading market;
- (b) where the securities of an unlisted Issuer are distributed by way of property dividend by a listed Issuer to shareholders of that listed Issuer;
- (c) where a holding company is formed and its securities are issued in exchange for the securities of one or more listed Issuers and the listing of the listed Issuer or Issuers is withdrawn at the same time as the securities of the Issuer are listed;
- (d) where listing of securities in an exchange is mandated by law or by the Commission, in the exercise of its powers under the SRC; or
- (e) where public offering of securities is mandated by law or applicable regulations; provided that, the Applicant Company secures a clearance from the relevant agency stating that such agency does not object to the listing by way of introduction of the securities of the Applicant Company; provided further, that an Applicant Company which is considered as a “closely-held

corporation,” as such term is defined under Section 127 (B) of the National Internal Revenue Code of 1997, as amended, is not qualified to list by way of introduction under this subsection (e). A subsidiary company that is qualified to list under subsection (e) hereof cannot list its holding company which does not meet the requirements of this section.

SECTION 2. Criteria for Listing – The suitability of Applicant Companies applying to list their securities by way of introduction shall be based on the listing criteria and requirements established by the Exchange for initial listing.

SECTION 3. Initial Listing Price and Fairness Opinion Requirement – A company applying to list its securities by way of introduction shall determine the initial listing price of its securities on listing date which is duly supported by a fairness opinion prepared by an independent and reputable firm, and in accordance with the Guidelines for Fairness Opinions and Valuation Reports.

The Fairness Opinion shall be attached to the Prospectus of the Applicant Company and discussed in a section of the Prospectus. The discussion in the Prospectus shall include a disclaimer in favor of the Exchange that the pricing/valuation of the securities to be listed was determined by the Applicant Company.

This requirement may not apply to an Applicant Company under Section 1(a) if it conducted an initial public offering in another stock exchange simultaneously, or if it conducted a public offering within six (6) months prior to its listing date, or if the Applicant Company listed in another exchange can demonstrate, to the satisfaction of the Exchange, that the public ownership levels and liquidity support the market price.

Notes: The Commission approved on 3 March 2011 the Guidelines for Fairness Opinions and Valuation Reports which became effective on 24 March 2011. (Guidance Note 8 – PSE Memorandum No. 2011-0104 dated 9 March 2011 re: Guidelines for Fairness Opinions and Valuation Reports). It was subsequently amended on 19 February 2021 to include tender offers undertaken pursuant to delisting proceedings as among the transactions where a fairness opinion and valuation report would be required (Guidance Note 8.2 - PSE Memorandum No. 2021-0009 dated 19 February 2021 re: Amendments to PSE Guidelines for Fairness Opinions and Valuation Reports)

The Guidelines, including the requirement to submit a fairness opinion, are applicable to listing applications covering Listing by Way of Introduction, as well as mergers and non-cash transaction (i.e., share-for-share swaps, debt-to-equity conversions, property-for-share swaps) and tender offer pursuant to Delisting Rules.

The Guidelines require the following:

- (1) The fairness opinion and valuation reports on the subject shares must be issued by an independent firm which includes investment banks, financial advisory firms, and accounting firms under Group ‘A’ Category, duly registered or licensed by the Commission and accredited by the Exchange.*

(2) *The Firm is not considered independent if:*

- a. It is a related party, as defined in the Rules, to the Applicant Company;*
- b. Its holding or subsidiary company provides financial advisory in relation to the Applicant Company's listing application, proposed delisting, or external audit services to the Applicant Company; and*
- c. Other circumstances or arrangements, direct or indirect, between the Firm and the Applicant Company that, in the determination of the Exchange, may influence, or tend to influence, the objectivity and reliability of the fairness opinion and valuation report(s).*

In general, the Exchange will consider the independence of the Firm when it is able to demonstrate a lack of conflict of interest with the Applicant Company.

The fairness opinion and valuation report shall be supported by a sworn certification issued by the Applicant Company's legal counsel certifying the Firm's independence.

- (3) An Applicant Company is required to submit a fairness opinion covering the valuation of the shares subject of the listing application. Such fairness opinion must be supported by valuation report(s) which may be based on and/or supported by relevant valuation reports issued by different independent experts who are qualified to issue the report under any applicable accreditation or implementing guidelines of the Exchange, such as, but not limited to, property appraisal companies and mining professionals.*
- (4) The fairness opinion and valuation reports must disclose the scope of work and valuation approach used. A copy of the service agreement or mandate letter shall be attached as an annex to the report.*
- (5) The valuation report, which supports the fairness opinion, shall cover the valuation of the subject shares of the Listed Company and the consideration under the transaction covered by the listing application. Such consideration may include the following:*
 - a. In a share-for-share swap, the shares of the counterparty;*
 - b. In a property-for-share swap, the property(ies) owned by the counterparty. In cases of a real estate property, an accredited property appraisal company must issue a valuation report covering the subject real estate property(ies) in accordance with the Rules;*
 - c. In a debt-to-equity conversion transaction, the debt which will be converted to the Applicant Company's shares. In this case, the relevant audited financial statements or external auditor's report on actual findings must be attached to the valuation report.*
- (6) The valuation report, which supports the fairness opinion, shall include, at a minimum, the following information:*

- a. *All material details and comprehensive explanation on the basis of the valuation and assumptions used. Copies of any supporting documents used as basis or reference must be attached to the valuation report which may be made available to limited parties from the Exchange, if requested.*
 - b. *At least two (2) relevant valuation methodologies must be presented in the valuation report. The valuation report must include a description and explanation of the valuation methodologies adopted.*
 - c. *The structure, condition and analysis of the relevant market and/or industry of the Applicant Company.*
- (7) *The date of the fairness opinion and valuation reports must not be more than three (3) months before the date on which (i) an offering prospectus is issued; (ii) the transaction involving the subject shares is executed; or (iii) the stockholders' meeting is held where the transaction involving the subject shares is presented for approval.*

*The Guidelines also laid down the requirements for the accreditation of Firm to render fairness opinions. Following the issuance of the Guidelines, the Exchange issued the Checklist of Documentary Requirements for Accreditation of Firms for Purposes of Issuing Fairness Opinions and Valuation Reports. (Guidance Note 9 – PSE Memorandum No. 2011-0117 dated 18 March 2011 re: Documentary Requirements for Accreditation of Firms for Purposes of Issuing Fairness Opinions and Valuation Reports. The checklist of documentary requirements is also under **Appendix 1** of the Rules.)*

SECTION 4. Secondary Listing Requirements – Applicant Companies which are already listed or intend to be listed in another stock exchange as provided in Section 1(a) hereof shall comply with the following requirements:

- (a) The Applicant Company's securities must be, or will be listed on a stock exchange which is a member of the World Federation of Stock Exchanges ("WFE") or the Asian and Oceanic Stock Exchanges Federation ("AOSEF"), or such other exchanges as approved by the Exchange;
- (b) In case the Applicant Company will simultaneously list in another exchange, the Applicant Company shall provide a certification from the foreign stock exchange of its duly received application for a proposed listing, acceptance or provisional acceptance for listing on such exchange(s) as well as the dates of such listing or proposed listing;
- (c) In case the Applicant Company is already listed in another exchange or several exchanges, the Applicant Company shall submit a certification of compliance with the requirements of such exchange or exchanges as well as with the requirements of the competent authority(ies) or regulatory body(ies) which regulate such company and/or its securities; and

- (d) Arrangements may be made between the Applicant Company and the Exchange with regard to the listing and disclosure requirements of the foreign stock exchange. The Applicant Company shall also make other arrangements for simultaneous disclosure and filing by facsimile or electronic means, of any information or material required to be filed or disclosed to the foreign exchanges. The Exchange shall ensure that none of these arrangements contravene the SRC, its Implementing Rules and Regulations and the rules of the Exchange.

SECTION 5. Lock-Up Requirement – A company that applies to list by way of introduction shall be subject to the following lock-up requirement:

- (a) An Applicant Company under Sections 1(a), 1(b) or 1(c) hereof shall be subject to the prescribed lock-up requirement in accordance with the applicable Board provided under Article III, Part D, Section 7 for First Board Listing, Article III, Part E, Section 2(k) for Second Board Listing, and Article III, Part F, Section 2(h) for Small & Medium Enterprises Board of the Rules.

Note: Section 5(a) made a direct reference to the lock-up requirement under the relevant sections of Article III of the Rules. In view of the approval of the Main and SME Board Listing Rules, the lock-up requirements under Article III, Part D, Section 2 [for Main Board] and Article III, Part E, Section 3 [for SME Board] are applicable to the companies applying for Listing by Way of Introduction under Sections 1(a), (b), and (c) above.

- (b) An Applicant Company under Sections 1(d) and 1(e) hereof shall cause its existing stockholders or security holders who own at least ten percent (10%) of the issued and outstanding shares of stock or securities of the Applicant Company, to enter into an Escrow Agreement with an Escrow Agent not to sell, assign or in any manner dispose of their shares or securities from the initial listing date until one hundred eighty (180) days after it conducts a public offering. The implementation of such lock-up must be in accordance with Article III, Part A, Section 17 of the Rules.

Note: For companies applying for Listing by Way of Introduction under Sections 1(d) and (e) above, the Rules, particularly the Amended LBI Rules, provided a different period for the lock-up period after the listing date/offer period than what was provided in the first paragraphs of the relevant sections of the Rules. This, however, does not preclude the application of the lock-up requirement for issuances prior to listing/public offer under the second paragraph of Article III, Part D, Section 2(a) [for Main Board] and fourth paragraph of Article III, Part E, Section 3(a) [for SME Board].

SECTION 6. Lifting of the Trading Band – The trading band on the Applicant Company's securities to be listed shall be lifted on the listing date in order to allow market forces to determine the price of the securities of the Applicant Company. After the listing date, the trading band shall be reinstated.

SECTION 7. Post-Listing Requirement – An Issuer whose securities are listed by way of introduction pursuant to Sections 1(d) or 1(e) hereof, shall undertake a public offering within one (1) year from the listing of its securities in the Exchange, and comply with the minimum public ownership requirement of the Exchange. At the time of the initial listing, the Issuer should disclose the indicative terms and the timetable of its public offering. Notwithstanding the foregoing, the Exchange may require the Issuer to undertake the public offering at any time within the one (1) year period should there be a significant demand for the securities thereof. The required public offering shall be in accordance with the “Distribution of Initial Public Offering Shares Through the Exchange” under Article III, Part G of the Rules.

Note: In view of the deletion of Part E on Second Board listing and insertion of the Main and SME Board Listing Rules as Parts D and E, respectively, the section on "Distribution of Initial Public Offering Shares Through the Exchange", originally in Article III, Part G of the 2004 Revised Listing Rules, is now Part F.

SECTION 8. Consequences for Non-Compliance with the Post-Listing Requirement – In the event the Issuer is unable to conduct the required public offering within the one (1)-year period prescribed under Section 7 hereof, the Exchange shall impose any one (1) or a combination of the following sanctions at the discretion of the Exchange:

- (a) suspend the trading of the Issuer’s securities;
- (b) sanction the Issuer by, among others, doubling the annual listing maintenance fees payable by the Issuer; or
- (c) subject to the provisions of the Corporation Code and the rules and regulations of the Commission, require the Issuer to buy-back its securities within ninety (90) days from the lapse of the one (1)-year period and delist the Issuer’s securities from the official registry of the Exchange with prior written notice to the Issuer and without necessity of a hearing. In case of a buy-back, the Exchange shall require the company to employ an independent party to conduct a valuation of the class of securities of the company that are to be delisted, which is in accordance with the Guidelines for Fairness Opinion and Valuation Reports.

SECTION 9. Prohibition on Backdoor Listing – A company that listed by way of introduction under sections 1(d) and 1(e) hereof is prohibited from doing a backdoor listing until after it conducts a public offering. The Exchange may delist a company which undertook a backdoor listing and which did not conduct a public offering.

*Note: The Exchange has existing rules on backdoor listing and delisting. (**Supplemental Rule 7** - PSE Memorandum CN – No. 2022-0026 dated 22 June 2022 re: Revised Rules on Backdoor Listing; **Supplemental Rule 8** – Rules on Delisting)*

SECTION 10. Applicable Fees – Applicant Companies seeking the listing of their securities by way of introduction shall pay the initial listing fee, processing fee, annual listing maintenance fee and other exchange fees, such as the additional listing fee for the public offering, in accordance with the schedule of fees released by the Exchange and in effect as of the filing of the corresponding application.

*Note: Under the Exchange's new fee framework for listing applications, processing fees for listing applications have been removed and listing fees, which are now called filing fees, shall be paid in full upon filing of the listing application (**Supplemental Rule 16** - PSE Memorandum CN-No. 2019-0012 dated March 22, 2019 re: New Fee Framework for Listing Applications)*

SECTION 2. The applicant Issuer shall engage the services of a reputable credit rating agency acceptable to the Commission to rate the issue.

SECTION 3. Requirements from Guarantor – In cases of guaranteed issues, a Guarantor will be required to comply with the Rules, to the same extent as if such Guarantor was the Issuer of the relevant debt securities.

- (b) The Guarantor will be required to sign a Listing Agreement in the form prescribed and provided by the Exchange.

The relevant guarantee must be issued in conformity with existing laws and regulations and in conformity with the Guarantor’s articles of incorporation or equivalent documents and all authorization needed for its issue under such law must have been duly given.

The applicant Issuer shall take full responsibility for all the acts of its transfer agent and paying agent and shall execute and submit an undertaking holding itself jointly and severally liable for all the acts of its transfer and paying agents in relation to the issue.

The applicant Issuer shall further be responsible to make the necessary arrangement for the safekeeping of the relevant records prepared by the transfer agent and the paying agent in accordance with the requirement of the pertinent rules and regulations of the Commission and the Anti-Money Laundering law and its rules and regulations, among others.

SECTION 6. Listing Criteria and Requirements –

- (a) The debt securities for which listing is sought must be transferable.
- (b) The minimum size for an issue shall be One Hundred Million Pesos (₱100,000,000.00).
- (c) Each issue must be distributed to and held by at least one hundred (100) holders at any given time.
- (d) All Issuers and Guarantors shall enter into a Listing Agreement with the Exchange through which they undertake to comply with the continuing

obligations as a condition for the listing of their debt securities. Failure to comply with the terms of the Listing Agreement may lead to the suspension of secondary market trading or cancellation of the listing of their debt securities.

- (f) Convertible debt securities may only be listed if their underlying equity securities are already listed at the Exchange.

SECTION 7. Listing in Tranches – The application for listing must cover the maximum amount of securities which may be issued and listed at any one time. The applicant Issuer may either apply for listing a single-tranche issue or a multiple-tranche issue.

If the Exchange approves the application for a multiple-tranche issue, it will admit to listing all securities under said multiple-tranche issue as long as the registration with the Commission and other requirements pertinent to the program remain valid, including submission to the Exchange of the following:

- (a) final terms of the issue;
- (b) any supplementary listing document as may be applicable, previously approved for publication; and
- (c) confirmation from the Issuer that the subject securities have been issued.

SECTION 8. Requirements from Issuer and Guarantors of Exempt Securities – In addition to the relevant documents required, the following must be submitted by an applicant Issuer whose debt securities are exempt from registration with the Commission:

- (a) A statement that the applicant Issuer and the lead underwriter(s) have exercised due diligence in ascertaining that all material representations contained in the Prospectus or Offering Memorandum, and amendments or supplements thereto are true and correct, and that no material information was omitted which was necessary in order to make the statements contained in said documents not misleading as of the date of the document; and
- (b) The names and signatures of majority of the members of the Board of Directors of the applicant Issuer and the chief executive officer/chief operating officer of the applicant Issuer and its lead underwriter(s).

SECTION 10. Full Disclosure Policy – The applicant Issuer shall fully disclose any and all material information relative to the issue. The Exchange may require disclosure of additional or alternative items of information as it considers appropriate and material in any particular case.

The applicant Issuer must show its willingness to comply with the full disclosure requirement. If during the application, the applicant Issuer fails to make a timely and accurate disclosure of material information or deliberately misrepresents material facts to the Exchange, the Exchange may consider the said actions as evidence of the applicant Issuer's refusal to comply with the full disclosure policy of the Exchange and on the basis thereof reject the application.

SECTION 11. Prospectus, Press Releases and Other Similar Documents – All Prospectus, primers, subscription agreement forms, newspaper prints, advertisements, press releases and similar documents in connection with the issuance shall first be submitted to the Exchange for review and disclosure purposes.

SECTION 12. Listing Procedure – The procedure for listing an issue will be similar to that of listing equity securities on the Exchange provided in Part B, Article III of these Rules.

 - (3) Any plan to postpone any interest payment on listed debt securities;
 - (4) Any purchase, redemption, cancellation or conversion by the Issuer of its listed debt securities. The amount of relevant debt securities outstanding shall also be stated. In the event of any redemption, cancellation or conversion of the debt securities, the Issuer must

- provide the Exchange with the respective notice(s) for public release;
- (5) Any proposed change in capital structure;

 - (7) Any decision to change an Issuer's articles of incorporation and by-laws.
- (d) Simultaneously as required by the Commission, the Issuer shall furnish the Exchange certified true copies of information, documents and reports submitted to the Commission relating to the issues listed. In the case of exempt securities, the Issuer shall furnish the Exchange updated information in the form and frequency that the Exchange shall prescribe.

The Issuer must ensure that all necessary facilities and information are available to enable the holders of its listed debt securities to exercise their rights. In particular, it must inform holders of the holding of meetings which they are entitled to attend, enable them to exercise their right to vote where applicable, and publish in the newspapers notices or distribute circulars giving details of the allocation and payment of interest in respect of such securities, the issue of new debt securities (including arrangements for the allotment, subscription, renunciation, conversion or exchange of such debt securities) and repayment of debt securities.

The disclosure requirements and procedures set forth in the Disclosure Rules shall be complied with, when applicable.

SECTION 15. Cancellation of Listing – An event of default on the part of the Issuer and Guarantor or failure to comply with other continuing listing obligations shall be grounds for suspension or delisting of securities in the Exchange, notwithstanding the provisions provided in the Rules and the other rules and regulations of the Exchange.

The Exchange shall ensure that upon maturity or full conversion, debt securities shall automatically be delisted.

ARTICLE V ADDITIONAL LISTING OF SECURITIES

PART A GENERAL

Rule on Additional Listing of Shares – The Rule shall apply to transactions resulting into issuance by a Listed Company (“Issuer”) of new voting shares to any party or to any persons acting in concert (“Subscriber/s”) amounting to at least ten percent (10%) but not more than thirty-five percent (35%) of the resulting total issued and outstanding capital stock of the Issuer through a single or creeping transactions within a period of twelve (12) months from the initial disclosure. Such transactions may include private placements, share swaps, property-for-share swaps, or conversion of securities into equity.

Notes: The Rule has been implemented to apply to transactions resulting into issuance by an Issuer of new voting shares to any party or persons acting in concert amounting to at least ten percent (10%) of the total issued and outstanding capital stock of the Issuer through a single or creeping transactions within a period of twelve (12) months from the initial disclosure.

A newly-listed company shall likewise be prohibited from offering additional securities, except offerings for stock dividend and employee stock option plan (ESOPs) within one hundred eighty (180) calendar days from date of original listing.

Pursuant to Article III, Part A, Section 9 (Listing of Issued and Outstanding Shares and Other Securities, Including Treasury Shares) of the Rules, all additional issuances of securities by the Issuer of the same type and class that are already listed shall be applied for listing in the Exchange.

As a general rule, the Exchange shall not permit the listing of shares subscribed by related parties unless a rights or public offering is first undertaken.

For purposes of this Rule, RELATED PARTIES shall mean affiliates of the listed Issuer accounted for by the equity method of accounting; trusts for the benefit of employees such as pension and profit sharing plans that are managed by or under the trusteeship of the management; directors, major shareholders or principal owners of the listed Issuer; and its management; members of the immediate families of major shareholders, principal owners and management of the listed Issuer.

Notes: See related provisions on Backdoor Listing. (Supplemental Rule 7)

For a Placing and Subscription transaction wherein a shareholder or related party sells its shares to a third party (“placing tranche”) and the listed Issuer subsequently issues to the shareholder or related party at most the same number as the shares sold (“subscription tranche”), the Exchange may allow the listing of shares of a listed Issuer provided that:

- a. No related party, as defined in the Rules, will subscribe to the Listed Company's shares under the placing tranche;

SECTION 3. Reportorial Requirements under the Securities Regulation Code

– Except as otherwise specified, the Exchange hereby fully adopts the requirements for filing, including form and content, under the SRC. Accordingly, Issuers are required to furnish the Exchange copies of all reportorial requirements submitted to the Commission.

Note: Unless the reportorial requirements are already covered by Sections 4.1 and 4.4 below which require the disclosure of the matter to the Exchange within ten (10) minutes from the receipt of such information or the happening or occurrence of said act, development or event, such reportorial requirement must be simultaneously submitted to the Exchange.

SECTION 4. Unstructured Continuing Disclosure Requirements, Purpose –

The purpose for requiring unstructured disclosures is for the Issuer to update the investing public with any material fact or event that occurs which would reasonably be expected to affect investors' decision in relation to the trading of its securities.

Note: A material fact or event is one which would reasonably be expected to affect investors' decisions in relation to those securities. This includes, but is not limited to, any significant and relevant information relating to the business and operations of the Issuer that, if and when disclosed, would result in or would reasonably be expected to cause a significant change in the trading and/or market value of the Issuer's securities.

SECTION 4.1. Disclosure of Material Information – In addition to the reportorial requirements under the SRC, Issuers are hereby required to disclose to the Exchange once they become aware of any material information or corporate act, development or event, within ten (10) minutes from the receipt of such information or the happening or occurrence of said act, development or event. Disclosure must be made to the Exchange prior to its release to the news media.

The original copy of the disclosure must be delivered to the Exchange within twenty four (24) hours from the time of initial disclosure.

Any disclosure pursuant to the foregoing must be addressed to the attention of the Disclosure Department of the Exchange.

Should the act, development or event occur during trading hours, the Issuer must request a halt in the trading of its shares in order to ensure that the

investing public would have equal access to the information. If, however, the said act, development or event occurs after trading hours but the Issuer is unable to make a disclosure prior to the pre-open period of the next Trading Day, the Issuer must request a halt in the trading of its shares. In both cases, the trading halt shall be lifted one (1) hour after the information has been disseminated to enable the investing public to digest the information. If the information is disseminated one (1) hour or less prior to the close of market, the trading halt shall be lifted on the subsequent Trading Day.

Note: Under the Exchange's Revised Trading Rules, "Trading Halt" means any "temporary stoppage in the trading of a security not lasting longer than one (1) Trading Day." Orders, other than Cross Transactions, can be posted, modified and cancelled notwithstanding the Trading Halt of a security.

In case of trading suspension, orders cannot be posted, modified or cancelled and no Trading Participant may carry out, directly or indirectly, any action involving a suspended security.

However, the above rule shall not apply when the following instances are present:

4.1.1. The activity or development is still considered soft information.

Note: Disclosure of material information must be made to the Exchange within the period stated in Section 4.1. and prior to its release to the media or any third party. Except for disclosures to persons under Section 4.2. (a) and (b), all directors, officers, employees, agents, and/or representatives of the Issuer must refrain from making statements especially if these are not yet disclosed to the Exchange.

For forward looking statements or soft information, the Issuer must emphasize the nature of such information and that the information is subject to change.
